LADIES' DELIGHT!
RELIEF COME AT LAST.
WISNER'S Washing Machine, Patented Sept. 20th, 1859, is a large tub with zinc fitted on the bottom, also on one side of the rubber. It stands on a stool, and weighs about 25 lbs; is simple and handy and has been thoroughly examined and tried by thousands at the West within the past year, who pronounce it to be the best labor saver ever offered to the public. It has been tested sufficiently long to prove that when ever it has been used properly, it will tell a better story for itself than I can communicate. Give it a trial, and you will be entirely satisfied of its superior merit.

AMERICAN AND FOREIGN PATENTS
R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1836.)
No. 10 STATE, OPPOSITE KILBY ST.,
BOSTON.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not unmeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides an extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most expert and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Com issioner of Patents.*
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and [illegible] consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.
"Mr. R. H. Eddy has made for me THIRTEEN applications on all but ONE of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most [illegible] attention [illegible] way connected in the Office, by the Commissioner of Patents.

REPUBLICAN NOMINATION.
FOR REPRESENTATIVE TO CONGRESS,
EASTERN DISTRICT,
THOMAS DAVIS,
OF NORTH PROVIDENCE.

LOCAL INTELLIGENCE.

Meeting at Aquidneck Hall.

EVENING SESSION.

(Continued from our paper of yesterday.)

The Convention re-assembled at the appointed hour, and notwithstanding the unfavorable weather, the hall was filled.

A committee of three was chosen to make arrangements for carrying out the objects of the meeting, in regard to the anniversary celebration of the Alumni, the selection of the orator, &c.

The Resolutions offered at the afternoon session were then discussed at length, in speeches, some of them humorous, and some grave, but all highly interesting in their reminiscences of the past—by Stephen A. Chase, of Maine, James N. Buffum and Daniel C. Beebe, of Lynn, Dr. Samuel Boyd Tobey, of Providence, Louis Lapham, of Fall River, Edward Brown and Pliny E. Chase, of Philadelphia, Jonathan Nichols, of Salem, T. K. Earle and Caleb A. Wall, of Worcester, Jonathan L. Slocum and Wm. J. Potter, of Providence, and other past graduates of the Institution.

The President was also exceedingly happy in his remarks, being frequently called upon to express himself, and doing it in a manner which reminded his many former pupils then present, of the "times of old."

A spirit of excellent good humor and fine feeling seemed to pervade the entire proceedings of the evening, and the occasion, as a whole, was one which will be long remembered by the participants therein.

At the conclusion, the Resolutions were passed by a unanimous vote, and after a vote of thanks to the President, the Convention adjourned to the Atlantic House, where the remainder of the evening was spent in social converse.

☞ The Reverend and VERY FORTUNATE gentleman who does up the editorial jobs of the Fall River *News*, after cogitating two whole days, has brought forth what he doubtless intends as a reply to our well meant squib in last Saturday's paper. The gentleman seems unable to appreciate a joke, save when uttered by himself. Here is what he says:

DANIEL'S RIZ.—The unfortunate youth who does up the local jobs of the Newport News (except when he gets knocked into pi under the keels of vessels) waxes exceeding wroth at our good-natured mention of the fact that the Bradford Durfee is beating the Perry very badly this season. In the tempest and fury of his passion, he lugs in the hero of Lake Erie, rashly dares us to come down to Newport, and ends with a most wicked, wanton and malicious insult to our well known habits.

As if we are to blame because the Durfee is [illegible] down!

Dear Benjun! thou should'st never let
Thy angry passions rise!

We thank you, Sir, for the admonition embraced in the brilliant poetical effusion at the close of your very benignant article. But allow us to ask as a particular favor, that you transfer to the columns of your paper entire the squib you so severely comment upon, that your readers may judge for themselves of the measure of tempest and fury and "wanton and malicious insult to your well known habits," therein contained. A careful re-examination of the article has failed to discover to us anything of the sort. If the aforesaid radiant editor has ever eaten a "blue egg," he cannot fail to have noticed that they are exceeding nutritious; and we can assure him that the cup of tea we designed treating him to in addition were he to come down, would prove quite as stimulating as that which he imbibed at our family table on the occasion of a recent visit by him to this city.

SPIRIT RAPPING EXHIBITION.—Decidedly one of the richest entertainments which has been given in this place of late, was the exhibition given last evening, by M. V. Bly, the 'Detective Medium.' Although but three hour's notice was given, Masonic hall was well filled. The audience was highly delighted if not astonished by the 'manifestation.' Loud raps were heard upon the platform, without any visible cause, while the lecturer stood upon a table with a committee appointed for the purpose, watching closely. The contents of folded ballots, written by the audience, was rapped out, after which the committee tied the 'medium' as securely as they could with 60 feet of cord. In less than one half the time the committee consumed in tying him he released himself, amidst applause of the audience. Mr. Bly is evidently the most "fully developed" medium of the age appeared in this place, and if he would only claim the aid of spirits, he would have a host of converts. By the unanimous request of the audience, Mr. Bly will repeat his exhibition this evening, in Aquidneck Hall, and we have no doubt the hall will be filled. The lecture was interrupted, near its close, by a very mean and ungentlemanly act by one Mr. T., who has something to do with the letting of the hall. When he thought it was time to adjourn he abruptly extinguished the light, leaving the audience in total darkness. Whether a spiritualist or not he was certainly influenced by an 'undeveloped' spirit. To defray expenses an admission fee of ten cents at the door.

THE STATE HOUSE CLOCK is badly missed in the night time, and the prevailing opinion is that its illumination should be resumed, at the expense of the City. We see no good reason why one argand burner should not be sufficient to light it, if properly arranged, something after the manner of the light carried in front of locomotive engines on railways, where an ordinary globe oil lamp casts a light far more intense than all the four burners used to light the State House clock, and at less than one-half the expense of the latter. The method of arranging this will suggest itself to any person of ordinary ingenuity.

☞ The Fall River stage was upset Monday between that place and this city. A portion of the harness broke, causing the horses to run and upsetting the stage. Two of the passengers were injured, one of them—a lady—we learn quite severely.

☞ Monday, about 12 o'clock, a tandem team of three horses, harnessed to a heavy lumber wagon, driven by a devil-may-care fellow, came down the Parade and turned the corner into Thames Street at a rapid trot that threatened demolition to anything human or otherwise that might happen to be in the way. Men and women paused in the streets and looked on in astonishment, as well they might, for a tandem team is not easily managed as other teams, and the risk to life and limb from fast driving is increased in the same ratio. We commend the case to the attention of the functionary appointed to look after fast driving, to see that it is not repeated.

☞ We learn that during the visit of the Fort troops to this city yesterday, and while the men had gone into the Club House on Touro Street to refresh themselves, the horses attached to one of the heavy gun carriages started to run, but were caught and secured before they had done any harm. The company propelled through Thames Street as though the "Old Scratcher" was after them.

The Emperor Napoleon in the Field.

A letter from Valenza dated the 18th of May published in the *Salut Public* of Lyons says:

I was yesterday at a *cafe* with the officers of the 30th, at the gate Albergo, when a loud cry of "*Vive l' Empereur*" arose. It was the Emperor, who had arrived unexpectedly on horseback, in a general's uniform, with a kepi, and escorted by only a few officers. In a few minutes the whole population was on foot, the streets were decked with flags, and drums were beaten to collect the troops. His Majesty proceeded slowly by the streets which leads to an eminence, from which the naked eye can see the vast plains of the Po and Lomellina. The position being within reach of cannon, was not without danger. I had the honor of approaching the Emperor, who, bending down on his horse's neck, asked me if I were French. I replied that I was a journalist, who had ventured to the advanced posts. He smiled, and questioned me on the positions of the Austrians. I showed him detachments of their troops on the banks of the river, the village Frescharolo and in the horizon Mortara, their headquarters. His Majesty by means of his glass could see an Austrian soldier on the watch in the belfry of the church of Frescharolo, and even distinguish the hour by the clock. On the left is the railway bridge, of which the enemy has blown up two arches, and which he guards with 200 or 300 men. The shakos of sentinels on the banks the river could be distinguished here and there. The Emperor then conversed with some of the Italians; his Majesty speaks pure Tuscan, and with a facility which surprised his hearers. After an inspection, which lasted about twenty minutes, the Emperor turned to leave. As he did so, the troops, who were drawn up in line, waved their shakos on their bayonets and cried a thousand times "*Vive l' Empereur*" An old Italian patriot, who had been in exile since 1849, approached, and cried out, with tears streaming down his face "*Viva Napoleone, il Salvatore della Italia!*" The Emperor seemed affected, and saluted him kindly. At that moment the Emperor's eye met mine, and, in the emotion of the moment, I ventured to hold out my hand. His Majesty deigned with a smile to grasp it. This is an incident I live. The Emperor then left by the gate of Alessandria.

Attempt to Levy Black Mail upon a New England Bank.

Some months ago the Weare Bank, of Hampton Falls, N. H., were notified that a demand had been made by Anastasius Nicholas of No. 70 Wall street, New York city, that $1000 should be deposited in a designated place in that city, or the Bank would be discredited. This demand was refused, and soon "Nicholas' Reporter" appeared with an article, cautioning the public against bills of the Weare Bank, a language best calculated to damage the institution.

Not long after, J. Tyler Hodges wrote the Weare Bank that, from what he had heard, he should discredit the Bank, unless he heard from them immediately. No reply was made, and forthwith Hodges' Journal of Finance came out discreditting the bills of the Bank as unsafe, uncurrent, &c., &c.

Some days since, the President of the Bank received a letter from one John S. Dye purporting to come from the office of "Dye's Wall St. Broker," stating certain false charges against the Bank, and closing in the following language:

"If the mater is not Satesfacturly expland imedeatly I will feel it my duty to so publish the information in the Brokr, to wit that the *Bank has been Enjoined* an early reply may save truble."

On the 7th instant "Dye's Wall Street Broker" appeared, and was industriously circulated in New England, with the false statement of losses by the Bank, and that the Bank Commissioners had placed the Bank in the hands of the proper authorities.

The Bank has never met with serious losses, the alleged action of the Bank Commissioners is false, the Bills of the Bank have never been discredited, the Bank is solvent, and the bills as well protected as any Bank in New England.

GEO. H. DODGE, President Weare Bank.
HAMPTON FALLS, June 9, 1859.

THE BROADWAY DANDY.—"An English Workman" has published in London a book on New York, from which the following piece of description is extracted:

"Oh, for the pencil of Cruikshank or Leech, to sketch for the delectation of my readers a Broadway swell, with the stub boots and military heels an inch and a half high, parti-colored pants, invariably too short, and so tight that it is with the greatest difficulty that he can squeeze his hands into his pockets, the national substitute for gloves; his rowdy castor, pulled down over his eyes, or balanced on the back of his head; his swallow-tailed blue coat and brass buttons; the fashions of a quarter of a century ago; his overpowering vest; his shirt front, composed of the same materials and pattern as ladies' habit skirts, lace, insertion &c., his face rouged, and his hair curled, having gone to bed the previous night *en papillotte*; the sickly smell of perfumery and lastly the dazzling effulgence of his trinkets, sown broadcast over his person. Now let us stick him on the steps of one of the large hotels, and as he discourses eloquently, (through his nose), of his 'great and gol-lorious-ked-n-try,' the tobacco stained corners of his mouth, down over his goatee beard, and there you have a specimen of the representative man of the model Republic."

Is not the picture a startling likeness?

CLIPPINGS.

—Reason can tell how love affects us, but cannot tell what love is.

—Many a rascal is like a bell: he was only made to be hung.

—Bell Britain has defined flirtation to be *at*-tention without *in*-tention.

—They that laugh at everything, and they that fret at everything, are fools alike.

—The old saying that charity begins at home is a mistake; charity begins at sea (C.)

—In this world, full often, our joys are only the tender shadows which our sorrows cast.

—A man, in this world, is a boy spelling in short syllables; but he will combine them in the next.

—Sentimental youth—"My dear girl, will you share my lot for life?" Practical girl—"How large is your lot, sir?"

—There is an old bachelor in New York so confirmed, that he won't read the war news, because so much is said about *infantry*.

—Our best actions are often those of which we are unconscious; but this can never be unless we are always yearning to do good.

—A man that marries a widow should give up smoking and chewing. If she gives up her weeds for him, he should give up the *weed* for her.

The Cincinnati *Enquirer* relates the case of a man named Clarke, of Jamestown, Ky., three miles from Cincinnati, who was bitten twenty years ago by a mad dog, and came near dying. He saved himself by a medicine known to Botanic physicians as the "Third Preparation," but the disease has recurred periodically ever since, and he has always staved it off by recurrence to the same medicine. The *Inquirer* says the preparation can be procured at almost any drug store in the country.

As the President of the United States was en route for North Carolina, on the train between Norfolk and Weldon, a gentleman asked him if he rested well on the Chesapeake boat coming down. Mr. Buck replied:—

"Well sir, either I was too long, or the births were too short, and I did not sleep as comfortable as I might."

This remark was overheard by the President of the Bay Line, who instantly replied:

"No, no, Mr. President, the reason you could not sleep was because you were in the "Bridal Chamber," and as this is the first time in your life that you occupied such a couch, it is no wonder that you could not sleep."

HOPE.

Never despair! The darkest cloud
That ever loomed will pass away,
The longest night will yield to dawn,
The dawn will kindle into day;
What if around thy lonely bark
Break fierce and high the waves of sorrow
Stretch every oar—there's land ahead,
When fortune frowns and summer friends
Like birds that fear a storm, depart,
Some, if thy breath hath tropic warmth,
Will stay to nestle round thy heart—
If thou art poor, no joy is won,
No good is gained by sad repining;
Gems buried in the darkened earth,
May yet be gathered for the mining.

There is no lot, however sad,
There is no road, however low,
But hath some joy to make it glad,
Some latent bliss to soothe its woe—
The light of hope will linger near,
When wildest beats the heart's emotion;
A talisman when breakers roar,
A star upon the troubled ocean.

NEWPORT DAILY NEWS.

Important from Mexico.

NEW ORLEANS, June 13.—Late and important news from Mexico is at hand.

Miramon is reported to have suppressed a pronunciamento from the priests in favor of Zuloaga, at the Capital, on the 23d ult.

The Church tried Miramon, but the padres were arrested and sent to Vera Cruz.

The Liberals were encouraged.

Marquez's expedition against Morelia had been driven back, but not until the town had been ravaged, and the women stripped naked and whipped in the effort to make them point out the hidden treasure. The Americans and other foreigners suffered much loss.

Miramon had decreed the importations at Vera Cruz confiscated, and modified the ad valorum duties.

Mr. Lane was at Vera Cruz on the 30th.

Miramon is reported to have been at Jalapa with 250 men. [Our despatch is not clear on this point.]

Senor Bonilla issued a decree on the 26th, in which he says that Mr. Buchanan's recognition of the Juarez party is not responsible, and that Americans are not accountable for his acts.

Consul Black was reported to be going to Vera Cruz for safety from the rabble of the army.

Gen. Cobas is reported at Oajaca, and private parties advise people not to cross the Isthmus of Tehuantepec.

Zuloaga is reported to have been imprisoned by Miramon.

A young woman in Southern Berkshire lately gave birth to a babe whose paternity she charges upon her own brother.

SAVE YOUR CARPETS
FROM
WEAR AND MOTH.

IMPORTANT TO LADY HOUSEKEEPERS.

Mr. J. R. HARRINGTON would respectfully inform the lady reader that he has, after long and tedious experiments, succeeded in producing an article which has, from time immemorial, been much needed by every housekeeper in the land. It is that of a peculiarly constructed

CARPET LINING,

This article is a new invention, and has been patented. It not only entirely protects Carpets from moths and other insects, but it makes the Carpet soft to the tread, acts as a muffler of sound, is a non-conductor of heat, thoroughly and effectually prevents dampness striking through, and what is of the greatest desideratum of all, it makes your Carpet last twice as long as if straw or paper were used. This lining is very low in price, and will at least save FIFTY PER CENT. on the cost of the Carpet. The

NEW YORK
Carpet Lining Company

is situated at No. 62 Warren street, New York, where all orders may be sent, or it can be obtained at most of the Carpet Stores throughout the country.

J. R. HARRINGTON, AGENT.

N. B.—Samples of the article may be seen on the desk of the publisher of this paper.

PREPARED BY DR. ANFORD.

Compounded Entirely from Gums,

IS One of the best Purgative and Liver Medicines now before the public.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach and causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose taken before retiring, prevents Nightmare.

Only one dose taken at night, it opens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose of two teaspoonfuls will always relieve Sick Headache.

Only one dose immediately relieves Colic, while

One dose taken at night is a sure cure for Cholera Morbus, and a preventive of Cholera.

Only one bottle is needed to throw off the system the effects of medicine after a long sick ness.

One bottle taken for Jaundice removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose often repeated cures Chronic Diarrhœa in its worst form, while Summ mund Bowel complaints yield almost to the first dose.

TESTIMONIALS.

Richmond, McHenry Co., Ill., Dec. 8, 1858.

Dr. S. T. W. SANFORD—Dear Sir:—I am here on my mission ground, and feel myself under great obligation to your Medicine for bringing me here, fitted for active service. I have used it myself and given it to my family, and have found it to be all that is recommended to be—a specific for Head Ache, and Dyspepsia, and Jaundice. I have used it freely, and used it all; but am afraid if I fare as others do, I shall be obliged to test its efficacy in Fever and Ague. I have looked in several Apothecary Shops here, and do not find it; it should be here.

Very respectfully yours, &c.,

REV. L. R. LOCKWOOD. Dec. 20th, 1858.

I have used the Liver Invigorator, prepared by Dr. Sanford, in my family during the past Summer, and have found it to be a Medicine of great value for the purposes for which it is recommended. It has also been used by others in my congregation, from whom it has received high commendation.

J. W. VAN BUREN, Pastor of the Reform'd Dutch Church, New Lotts, Long Island, Boston, Feb. 22, 1858.

Messrs. M. S. Burr & Co., No. 1 Cornhill Boston.

Gents:—I have the pleasure to assure you that the *Sanford's Liver Invigorator* purchased of you for use in my family, has proved equal to my *highest expectations*, and I have recommended it to many of my friends similarly afflicted. I feel that it is almost a specific in such complaints, and am willing that you should use my name for the good of the afflicted, if by so doing they may be induced

Certificate.—I have used your valuable medicine in my own family with great success and have mentioned it in the local columns of my paper. I am, generally speaking, opposed to patent medicines, but your Invigorator makes an honorable exception.—By it my wife was entirely cured of twenty years' sick headache. With highest regard yours most obediently,

HOWARD ASSOCIATION. PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give **Medical Advice Gratis**, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commends the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœ, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onaism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, **Dr. George R. Calhoun,** Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

CURTIS'S CURE FOR BALDNESS.

In bringing this new article—a preventive, and sure Cure for Baldness—into notice, the proprietor has acted with extreme caution, knowing that the public, having been so often deceived by worthless compounds and preparations for the hair, are prone to pronounce—a humbug—every new thing of the kind introduced, and he has not taken this course to bring it before them until its virtues have been practically and most thoroughly tested. As an effectual remedy for Baldness it now stands unrivalled. It can been in use for about a year, during which time upwards of six hundred bottles have been disposed of, and not in a single instance, where a fair trial has been had, has it proved unsuccessful. The proprietor, who is a well-known resident of Providence, R. I., refers to his own case as a proof of its efficacy.

One year since he was entirely bald, but after the application of this Cure, the hair started out in profusion, and he has now as fine a growth as when a young man. There are numerous other cases of a like nature, and he is permitted to refer to many well-known citizens of Boston, Providence and Worcester who have used the article with the most complete success. Its action is immediate, producing a fine growth of hair, and yet it is entirely free from any substance of an injurious nature.

It also prevents the hair from falling off, cleanses the scalp, removes dandruff almost instantaneously, and removes from the head the excessive heat with which bald persons are generally troubled.

It is certainly the best and safest preparation for the hair ever offered to the public.

Among the many certificates of its efficacy, attention is called to the following:—

PROVIDENCE, Dec. 1, 1858.

I commenced using Curtis's Cure for Baldness some five months since, previous to which time much the larger portion of my head had been bald for nine years. After a few weeks use, the hair commenced growing, and has continued since until my head is now entirely covered. I am forty-eight years of age, and the "Cure" in my case having met with complete success, I take pleasure in recommending it, and will state the above facts personally to any who are interested and will call upon me.
ELIJA SMITH, 119 Friendship street.

And this from Mr. Samuel Woodbury, Manufacturing Jeweler of Providence, and well known in that city:—

For some twelve years my hair was continually falling out until the top of my head was entirely bald. Some nine months since I commenced using Curtis's Cure, which soon prevented the old hair from falling and has since covered my head with a fine growth of hair. I recommend it with full confidence to all those who have lost their hair prematurely.
SAMUEL WOODBURY,
54 Friendship st, Providence, R. I.

Proto Mrs. R. M. Clarke, Millinery Rooms, corner Westminster and Eddy streets, Providence, R. I.

PROVIDENCE Nov. 29, 1856.

I have been using Curtis's Cure for Baldness and find it to be the best article I have ever tried for promoting the growth of the hair and keeping the head in a healthy condition.
MRS. REBECCA M. CLARKE.

From the Rev. J. G. Adams, of Worcester, Mass.

To whom it may concern: This may certify, that from what I have been able to learn from unquestionable sources, of the good and remarkable effects of the use of Mr. Curtis's Cure for Baldness, I am led to regard it as one of the best preparations for the restoration of the hair that has ever been used or invented.

The favorable effects of the liquid, also, in cases of nervous headache, and as a cleanser and preserver of the hair, are to render it, in the same valuable. I wish that all who are troubled with baldness in any degree, might be able to obtain and use it.
J. G. ADAMS.
Worcester, Dec. 17, 1856.

AMERICAN House, Boston, Dec. 10, 1856.

About a year since my hair commenced falling on badly; to prevent which I tried various preparations without success. Believing I should otherwise lose my hair entirely, I was about to submit to the shaving of my head, when a friend, who had been using Curtis's Cure successfully, advised me first to give it a trial. I did so; very soon my hair ceased falling, the old hair, which before seemed dry and lifeless, assumed a healthy appearance, new hair started out, and I consider the use of the "Cure" with full confidence that my hair will be fully restored. It keeps the head cool, the hair and scalp clean, and is a very desirable article for toilet use.
J. G. BRIGHAM.

NEWPORT, March 18, 1859.

I purchased two bottles of Curtis's Cure for Baldness, to stop my hair from falling out, and it has done the work completely for me, and I pronounce it a reliable article, and persons whose hair [illegible] they will become bald had better try it, and my word for it. They will not be disappointed.
JOHN MYERS, Engineer of Steamboat Ferry.

NEWPORT, March 29, 1859.

☞ Since I commenced using Curtis's Cure for Baldness, my hair has ceased entirely from falling out, and has been very much strengthened.

A CARD TO THE LADIES.

DR. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully effectual in correcting, regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptives among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Churchst. eet, and at 12 Washington square, opposite House. Under the name so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to STURGIS & CO., Box 891, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country a26—

Gold's Patent Low Pressure Self-Regulating Apparatus.

AS manufactured by the Rhode Island Steam Heating Company, Pawtucket, R. I.

This method of warming both public and private buildings, as has been proved by actual experience for the last four years, is the cheapest, safest, most pleasant and healthful of any other known method. It leaves the room heated in this manner entirely free from the gasses, dust, smoke, &c., which are continually arising from stoves and hot air furnaces. The heat produced is sufficient to warm a cold building in the coldest of weather, and is also mild, pleasant and agreeable, having the softness of summer air; and to the consumptive and invalid it is invaluable.

This apparatus can be put into buildings in process of erection or those already built.

We shall endeavor in all cases to put up the Apparatus in a style not only meritorious to ourselves, but to the satisfaction of our customers.

Refers, by permission, to Wm. J. Swinburne, Esq., D. W. Holloway, Esq., and F. B. Peckham Esq., Belle Vue House.
